Opis produktu

180g Clear Vinyl with silkscreen + album download.

Limited to 315 numbered copies.

Eisenwald and Babylon Doom Cult Records proudly present a limited vinyl edition of Rays of Brilliance, the demo offering from the mysterious Dutch project Solar Temple. Originally available only as a limited cassette, this release now brings the immersive, 18-minute track to vinyl for the first time.

Forged in the catacombs of the nether realms in the year MMXVI, Rays of Brilliance offers a path to psychoactive divination, blending atmospheric lo-fi black metal with psychedelic doom. The track's repetitive, trance-inducing structure and cosmic themes draw comparisons to bands like Turia and Urfaust, crafting an experience that is both hypnotic and cathartic.

With the original cassette pressing long sold out, this vinyl edition offers a rare opportunity to own a physical copy of Solar Temple’s first release. Don’t miss your chance to experience this haunting and immersive journey.
