Shadow Records (distributed and marketed by Regain Records) proudly presents the reissue of Sorhin's debut EP, Skogsgriftens rike on LP and CD formats.

Originally released in 1996, Skogsgriftens rike marks the beginning of Sorhin's journey into the pantheon of Swedish black metal, laying the foundation for the cult full-length albums “I det glimrande mörkrets djup” and “Apokalypsens ängel”. Even at this early stage, the band's identity was fully formed, a cold, evocative and unmistakably Nordic vision that would become their enduring hallmark.

Nearly thirty years on, Skogsgriftens rike still stands as a monument to the cold majesty of 1990s Swedish black metal, untouched by time, uncompromising in spirit, and as haunting as the northern wilderness that inspired it.
