### Opis produktu

Soulburn was formed in 1996 by Bob Bagchus and Eric Daniels after the demise of Apshyx in 1996 (after the 'God Cries' album). They were joined by Wannes Gubbels on bass and vocals (Pentacle). In 1996 Soulburn recorded their debut demo. The 4 track demo led to a record deal with Apshyx home label Century Media. SOULBURN released their debut album 'Feeding on Angles' in 1998. SOULBURN were put to rest when Asphyx returned with "On The Wings Of Inferno" (2000) with the same line-up. SOULBURN was dead, buried, but not forgotten... and was reformed in 2013. Up till now Soulburn released 3 full lenghts abums and two ep's. The demo 1996 is remastered by Tom Palms (Phlebotomized). Cover art by Juanjo Castellano (Gates of Istar, Ribspreader), logo design by Christophe 'Lord of the Logos' Szpajdel (Borknagar, Dimmu Borgir).
