Opis produktu

Already known to be one of the hardest working bands out there, SPIRIT ADRIFT once again keep the foot on the gas and announce the release of their brand-new three track EP "Forge Your Future". While further refining their signature songwriting and composing style the band managed to even surpass its fan-hailed album predecessor peaking in the overwhelming Heavy Metal Hymn "Wake Up" which successfully accomplishes to convince the established fanbase as well as the mainstream Metal-Enthusiast. The new EP will be released on Aug 27th as Ltd. LP+CD incl. an etching on vinyl side B as well as on all digital platforms. To all those friends of cultivated Heavy Metal - keep your eyes peeled for this one!
