## Opis produktu

From the depths of Australian chaos rises STARGAZER, bringing back the album that started it all. The cult classic “The Scream That Tore The Sky” returns in a brand-new reissue, ready to consume the cosmos once again.

A landmark release in their discography, first unleashed in 2005, this album solidified StarGazer's position in the extreme avantgarde metal underground, fusing black, death, and progressive extremity into a single warped vision.

The void calls — answer with “The Scream That Tore The Sky”.

Re-issue, orange crush with black marble 12" LP in a black poly-lined innersleeve, gatefold cover, full-color printed on 350g carton, coated paper, all assembled in a plastic overbag.
