Opis produktu

Formed in NY in 1988,SUFFOCATION's technical death metal style is influenced by grindcore. The band uses "*outrageously guttural vocals with a bottom-heavy guitar foundation, blistering speed, unparalleled brutality and sophisticated sense of songwriting, complex time changes and lead and rhythm guitar acrobatics*" and frequent breakdowns.

With their debut album, "Effigy of the Forgotten", SUFFOCATION rose to prominence of death metal and created a blueprint for the genre for the 1990s, retaining their style after the reunion in 2003. Decibel Magazine stated: ""*Effigy of the Forgotten*" *was a benchmark for extreme music, as it sacrificed neither virtuosity or brutality, becoming a signpost for thousands who were still contemplating how to incorporate scalar runs, rapid-fire palm-muting and hummingbird-wing-quick picking into riffs, while opening up rhythmic dimensions and the scope of the blast beat.*"

Blabbermouth.net described SUFFOCATION as "*American death metal's most consistent and punishing standard-bearers*" and their style as "*brutal death metal*".

According to AllMusic, Mullen is one of the best vocalists in death metal.

Decibel Magazine stated: "*One of SUFFOCATION's trademarks, breakdowns, has spawned an entire metal subgenre: death core.*"
