Opis produktu

The Crypt is proud to announce our partnering with French avant garde death metal legends SUPURATION once again, to reissue on LP their debut full length concept album "The Cube". Previously only available as a standalone LP from Reincarnate records from 1993, we offer this classic gem on vinyl once again. Often compared to a fusion of early Voivod and Carcass, this obscure death metal classic will be mastered from the original 1993 DAT tape and takes elements from the original layout with attention to detail, even down to the logo and typeface for a touch of nostalgia.

Limited to 500 copies, 150 copies will be on blood red vinyl
