Opis produktu

Super deluxe Digipack edition with DIE-CUT front and UV spot !

Following the concept of their first journey *Meteahna Timpurilor*, released via Avantgarde Music in 2019, Sur Austru is ready to present to you its natural follow up, their latest ritual called *Obârșie*. The band born from the ashes of beloved *Negură Bunget* is once again ready to take you to a trip through the endless forests of Romania and southern Carpathia with their ritualistic blend of black metal and local folklore.

With *Obârșie*, Sur Austru is opening new gates and sacred structures, developing the sound of the previous album and adding more layers of sounds, beautiful voices and choirs, massive sound walls, gloomy atmospheres, epic blast-beats as well as sacred traditional instruments, all in one single concept album. *Obârșie* is the Romanian word representing the concepts of origin, descent and source, whether it is the source of water in the mountains or an initiation ceremony.
