Opis produktu

Featuring members coming from Spanish extreme underground bastions like Black Earth, Sheidim and beyond, Galician black/death metal entity Suspiral return with their mind-altering sophomore LP - coercing crushing black and death metal into repetitive, trance-inducing song structures designed to consume and annihilate the psyche. Drawing influence from extra-corporal states of consciousness and fringe extreme metal horrors like Beherit, Necrovore, and Sadistik Exekution on one end, and from kraut/psycheelic experimentalists like Ash Ra Tempel and Faust on the other, Suspiral have manipulated the darkest and most twisted strains of black/death metal to create a psychedelic aberration of unseen magnificence. A true embodiment of chaos an entropy distilled into sonic form to obliterate the mind and torment the flesh.
