Opis produktu

Due to circumstances beyond our reach, we are no longer able to press this release in the form it has existed so far – including the laser etching that was featured on the b-side of the vinyl. We decided to fully re-brand the release with Dávid Glomba with less cryptic optics yet more visceral and eschatologically visions to echo the terrifying call for repentance at the end of times.

In this re-press rather than the etching, the B-side vinyl will include an alternative version of “Purging Tongues”.
