Opis produktu

“Lords of Death” is an insanely, irrevocably massive slab of Doom/Death Metal! Including brand new liner notes!

Ships early August 2024.“Lords of Death” is Temple of Void’s highly anticipated second album!

Ever aptly titled, “Lords of Death” is an insanely, irrevocably massive slab of Doom/Death Metal, and the album by which Temple of Void will rightfully take their seat at the throne. Temple of Void swagger forth to eclipse that achievement and soundly obliterate any comparisons with “Lords of Death”.

A prescient title if there ever was one, “Lords of Death” casts Temple of Void in a slightly newer light: whilst unmistakably Temple of Void, this is the sound of the band shorn of any fat and fully representing the powerful, punishing experience of the band in a live setting.

Temple of Void emphasized the deathlier aspects of their debut, but pumped them full of addicting, headbanging energy.

The production here is utterly crushing and once again recorded at Mount Doom in Detroit.

• Top notch debut album of this great Doom/Death Metal band currently signed to Relapse Records
• Killer artwork by Paolo Girardi (Power Trip, Bell Witch, Cryptopsy, Runemagick)
