Description:

After five years of gestation THÆTAS return with an auditory statement for their moment in time, the new LP The Irredeemable Age out June 12th through Profound Lore Records.

The Irredeemable Age shows the band both refining and intensifying the brutal death metal approach from their debut LP, Shrines to Absurdity, while deepening their explorations into the bizarre, the uncharted and even the avant-garde. The result is a dynamic mosaic of obsessively dark, organic, off-kilter and kinetic death metal.

The four-piece band hail from the New York region, consisting of drummer Nick Crifo, guitarists Terrell Grannum (Reeking Aura, Buckshot Facelift, Squelching Flesh) & Pat Hawkins (Asystole, Needlepusher, Kyrios, Aberrated) and vocalist/bassist Cory Peterson (37564 Recordings). The album was tracked independently then mixed and mastered by the inimitable Colin Marston.
