Opis produktu

Digipack CD

"**Revelator**" the fourth full-length from Australia's **THE AMENTA** is the culmination of nearly 20 years' collective experimentation in nonconformist, dissonant, dynamic and electronically-lacerated Death Metal.

THE AMENTA have used their 7-year hiatus to methodically deconstruct and reimagine their already distinctive core sound: incorporating maximalist Industrial Black Metal ballast, disturbingly cinematic Ambient/Noise textures, treated violin, dread acoustics and circuit-bent electronics into the landmark record of a lauded career.

Comes in a 6-panel digipack with a 12-page booklet. First batch comes in black polycarbonate CD.
