Opis produktu

3 x 7" box set, midnight sky coloured vinyl, postcard. Limited to 250 copies.

Svart Records proudly present Earthly Remains, a three 7" singles box set with new Coffinshakers tracks!

The ”Earthly Remains” box-set includes three songs from the latest ”Graves, Release Your Dead” album and three brand new tracks from the same sessions. These tracks shouldn’t be seen as left-overs though, they certainly deserve their place in any serious **Coffinshakers** collection and in a sense makes the album complete.

”March of The Coffinshakers” marks the procession of the dead featuring a lead guitar taken straight from the spaghetti-horror dimension with massive string arrangements to boot. ”Raising Hell” sees the band in garage mode, complete with a vicious fuzz! Finally the doomsday story of ”No Return” almost takes us to crooner territory, imagine that! The three 7”s are housed in brand new watercolor artwork by **Jenny Bengtsson**. Will you dare to take one step further into the strange realm of **The Coffinshakers**?
