Opis produktu

Limited Orange vinyl, gatefold.

The Gates of Slumber's debut album and EP reissued in September

Svart Records continue to reissue the works of Indiana's true doom metal legends **The Gates of Slumber** by bringing back their debut album *The Awakening* and early EP *Like a Plague Upon the Land* in late August 2026.

Crushing debut *The Awakening* from 2004 is an album of raw, slow, monolithic traditional doom with a gritty sound. Featuring heavy, battleaxe-in-the-gut riffs and depressing, slow leads, *The Awakening* is strongly influenced by **Pentagram** and **Candlemass**, with *Conan*-style lyrical themes and **Ozzy**-like vocals. An essential, cult classic album for the fans of true doom.

The Gates of Slumber was formed by **Karl Simon** in 1998. Various people were in and out of the group between 1998 and 2001, when the *Blood Encrusted Deth Axe* demo was recorded with **Jamie Walters** aka **Dr. Phibes**/**Athenar** (**Boulder**, **Midnight**) on drums and bass. In 2003 **Jason McCash** took over the bass duties and was a long-time member of the band until his untimely demise in 2014, after which Simon decided it was time to call it quits. That was until 2019 when the renowned metal festival *Hell Over Hammaburg* wanted to bring the band back on stage to perform at the festival's 2020 edition. Simon reformed the band with its original member **Chuck Brown** on drums and **Steve Janiak** on bass and got back to work, which resulted in the new self-titled album released in 2024 on Svart Records.

Side Condemnation

A1 Hell

A2 The Awakening

A3 The Judge

A4 The Jury

Side Punishment

B1 Broken On The Wheel

B2 The Executioner
