The Circle Music proudly presents:

THE MAGUS – Daemonosophia

The new album of **THE MAGUS** entitled “**Daemonosophia**” is a journey to Demonhood.

The Truth lies Below not Above. The Six are Three. The Unholy Trinity.

The Three are One. The Absolute. The Infernal pact.

Musically is more edgy and vengeful. More agressive and dynamic. Still theatrical and horryfying in nature, hellish and complex in performance.

And as always there are these diabolically diverse moments that will surprise and will make you feel unease…but Lucifer has many names and many faces.

“**Daemonospohia**” is pulsating Darkness in all its beauty and all its horror.

There are parts where collaboration with top level musicians and vocalists was deemed necessary in order to achieve maximum impact

A beacon of Luciferian Black Metal for Extraordinary People.
