Opis produktu

In 1997 the album "Blood from Stone" of the Swedish melodic black/death metallers THE MOANING was released.

With their DISSECTION-heavy sound the band could score good points. Unfortunately, it remained the only album of the band.

This Swedish, unjustly almost forgotten, black pearl appears via Floga Records 25 years later as limited, and remastered vinyl !!!

For fans of: Dissection, Gates Of Ihstar, Thulcandra
