THE RADIANT LIGHT is a new haunted folk entity created by C.V.B., who has been active for more than a decade in the occult metal scene (WOLVENNEST, CULT OF ERINYES, AERDYK, LVTHN, MONADS etc.). THE RADIANT LIGHT's first manifestation, *How to Leave This World in Peace* is a concept album based on wisdom as the key element on how to apprehend life, death and the last moments before the unknown.

While the music was mainly written and recorded with an acoustic guitar; mellotrons, hammonds, bass and bluesy/trippy lead guitars are there to add melancholy and nuances to the equation.

Corvus' vocals are his subconsciousness speaking to the listener, with some digressions towards harmonies and a creepy ambient approach.

THE RADIANT LIGHT sounds like a solo project, but it's not per se. On this first album, you can hear Shazzula's (WOLVENNEST) voice on the title track, Déhà (who produced the album) and his bass on *Cult of Indifference* and Bones (DREAD SOVEREIGN) sharing the lead guitar emanations with Corvus on several songs.
