Opis produktu

The Ruins of Beverast - "Exuvia" digipack CD

Exuvia is a vessel of constipated lethal bacteria, loading an atonic fluid, a venomous substance of colours, a marsh of florescence. It is a fortress against a siege machine of spiritless organisms and so much a yell to nature's cleansing spirits. EXUVIA features 6 psychoabyssal downward spirals in TROBesque paintwork. Production and mixing was processed with Michael Zech.
