Opis produktu

The six-panel digipack (ltd. 350) comes with an 8-page full-color booklet plus an exclusive previously unreleased bonus track! The Slayerking is a unique entity brought to life by Efthimis Karadimas and Kostas Kyriakopoulos, both known from the legendary Greek band Nightfall. They are true veterans in our scene, which becomes immediately clear when listening to this masterpiece: unconventionally occult, varied, catchy, well-structured and with a superficially unintelligible layered rawness. “Tetragrammaton” is The Slayerking’s sophomore album, presented to you not only as quality but also quantity, as the album features about 45 minutes of obscure metal, skillfully played, masterfully composed and produced to sheer perfection!

Dramatic, melancholic, timeless... “Tetragrammaton” is a perfect blend between Dark, Doom and Black Metal art that will bring even the most selective and stubborn metalheads to their knees!

The limited LP-version (ltd. 300) comes on ‘Blood of Mary’ red vinyl and with an 8-page full-color booklet; the six-panel digipack (ltd. 350) comes with an 8-page full-color booklet plus an exclusive previously unreleased bonus track!

Now submerge yourself into this deep pool of ominous dark water and deliver yourself to your fate...

For fans of Celtic Frost, Nightfall, Tribulation, Black Sabbath, Necros Christos, Candlemass, Bethlehem, Bloody Hammers, Rotting Christ...

The technical team behind it all was carefully hand-picked and thus “Tetragrammaton” was produced by Marcus Jidell (Candlemass, Avatarium, etc.), recorded/mixed at Soundflakes Studios, mastered by Maor Appelbaum (Faith No More etc) and the artwork exclusively made by the well-known Romanian artist Costin Chioreanu.
