Opis produktu

Theophonos (“god-murderer”) in collaboration with Mystískaos and Amor Fati announces the release of Nightmare Visions, a 30-minute full-length based on visionary dreams during the Mirror in Darkness years, complete with extensive illustrations by Hafsteinn Ársælsson (Wormlust, Guðveiki). This project, at least at its outset, is distinct from Serpent Column primarily in its intensely personal, retrospective lyrical content and its overall lyrical and compositional directness. Key musical influences include Death Grips, Rixe, and Prurient’s Frozen Niagara Falls.

A cartography of dreams, 2017-2019.
Written and produced by Theophonos, 2020-2022.
Additional engineering by Maya Chun.
Mastering consulting by Mac Porter.
Cover and illustrations by Hafsteinn Ársælsson.
