#### Description:

Theurgion are a new doom metal entity featuring members involved in bands such as Chaos Moon, Krieg, Häxanu, Azelisassath, Kveldstimer, and Collier d'Ombre (just to name a few of the many projects the three members of this band are involved in). THEURGION play towering and melancholic death-via-traditional doom metal. "All Under Heaven" is comprised of seven sculptured sonic monuments that hail those that came before (Solitude Aeternus, mid-era Bathory, OLD Katatonia, OLD Anathema, first October Tide LP etc.) while carving its solitary monolith to merge itself in the new age.
