Opis produktu

THE BOUNDARY-DEFYING BLACK METAL DEBUT ALBUM FROM SNORRE RUCH, WITH SATYR, ALDRAHN, AND HELLHAMMER. PRESENTED ON DIGIPACK FORMAT

Originally formed in 1989 by mastermind Snorre Ruch, Marius Vold, & Bård Faust (Emperor), Norwegian band Thorns has inspired a great number of acts such as Satyricon, Mayhem, Dissection, & Emperor, mainly due to Snorre's highly influential style of playing & creating riffs on the early Thorns demo tapes. So impressed was Euronymous of Mayhem, that Snorre became second guitarist in the band for a while & his riffs were used in classic Mayhem tracks.

Thorns was the band's debut (& only, thus far) full-length studio album. It was released in 2001 & is a cult slice of highly-individual Norwegian black metal, including experimental & sometimes industrial influences along with synth passages to create a chilling yet clinical slice of extremity. The album was notable for featuring Satyr of Satyricon on vocals, a duty shared between songs with the vocal talent of Aldrahn (ex-Dødheimsgard) & the recording line-up also featured Hellhammer of Mayhem on drums. The outcome was a unique & original album which is today considered a cult classic release by critics.

This edition of 'Thorns' is presented on digipack format including eight page booklet, and includes the bonus tracks 'TSOS', and a demo version of opener, 'Existence'.

- 1 Existence [04:13]
- 2 World Playground Deceit [07:08]
- 3 Shifting Channels [06:17]
- 4 Stellar Master Elite [03:54]
- 5 Underneath The Universe 1 [07:47]
- 6 Underneath The Universe 2 [07:31]
- 7 Interface To God [04:36]
- 8 Vortex [06:46]

Bonus Tracks

9 TSoS [05:45]

10 Existence (demo) [05:00]
