Opis produktu

CD in deluxe Mediabook with 36 pages limited to the first pressing only!

THY CATAFALQUE is a metamorphic entity that's constantly evolving, showcasing musical ingenuity that's as limitless as it is daring.

Meaning "The Earth," 'Alföld' is grounded in the Avant Garde project's heavy beginnings.

While the record takes a cue from THY CATAFALQUE's early days, mastermind Tamás Kátai's modern progressive instincts shine through, elevating the record beyond the realm of metal as-you-know-it and once again creating a cutting-edge sound that's far ahead of its time.

Cover photography by Orsolya Karancz.

For fans of SOLEFALD, ARCTURUS, BLUT AUS NORD, ULVER.
