Opis produktu

Step into the realm of avant-garde metal with Tamás Kátai's visionary project: Thy Catafalque.
For over two decades, Thy Catafalque has been masterfully pioneering left-field extreme metal music. But what started in 1998 as a black metal project kept evolving and reached a turning point on opus #3: while the guitars are just as brutal as on the first two albums, 2004's 'Tuno Ido Tárlat' (which translates to "An exhibition of vanishing time") twists and turns into everything from neo-classical folk to industrializes electronica.
With this album, Thy Catafalque established itself as the spearhead of avant-garde metal. This Season of Mist reissue is your chance to (re)discover it!

For fans of SOLEFALD, ARCTURUS, BLUT AUS NORD, ULVER.
