Opis produktu

LP edition issued under license by Eternity Records.
300 handnumbered copies, black wax.

Throne Behind A Black Veil sees the Franconian band once again en route to present the ferocious and cold sound of painkilling black metal altitudes of the 1990s. Much like previous outputs, TOTAL HATE -- known for its luminaries and zealots in the sphere of ancient black metal -- continues the path set forth by bands such as Darkthrone, Urgehal, Gorgoroth, Throne of Ahaz and others.

Mixed with longtime producer A. Naucke, the album's mastering was once again executed by Patrick W. Engel of Temple of Disharmony.

Hailing from the Bavarian woods of Germany, TOTAL HATE unifies the essence of Scandinavia's true black metal sound. Emerging as a side project of sorts in 2000, the band pays homage to the second wave of black metal with its original blend of orthodox and primitive blackened frost. Throne Behind A Black Veil marks 19 years of existence for the band, and proves some things do get better with age.
