Trenchant (US) – Commandoccult

Trenchant marched forward from the hardened heart of Texas in 2016.
Formed by NRS, TND, and GRA, the band made their official debut with the 2018 EP, *Martial Chaos*, and subsequently released their full-length CD, *Commandoccult*, on Godz Ov War Productions in 2022.

The band’s profile has continued to rise with the addition of LRA on second guitar for live appearances across the US, with *Commandoccult* gaining wide acclaim in the underground. Trenchant’s brand of rapid-fire blackened death should not be regarded as simply “War Metal”; it is “World War Metal”, with martial themes revealed through deadly metaphysical channels. For adherents of acts like ANGELCORPSE, IMMORTAL, or IMMOLATION, *Commandoccult* is a riveting foray into musical combat. Their work is both vicious and anthemic, and it will rouse even the most stoic listener to take arms.
