Opis produktu

TRIDENT is a blackened death metal band from Gothenburg, Sweden, and consists of (ex) members from **Dissection**, **Lord Belial, Fejd, Sacramentum, and Soulreaper** among others.

Envisioned to recreate the essence, which was artistically lost after the 90s, the band embraced a time where limits and boundaries seemed to be lost to create something that speaks freely from the soul.

The essence of Trident was rightfully set on the Shadows EP which led to several years of crafting to create the final material of the new full-length album “North”.

North is moving away from tight structural extreme music and want to bring back the soul of the old greats.

For fans of: Dissection, Satyricon, Hypocrisy, Behemoth, Dimmu Borgir, Death etc**.**
