Opis produktu

Accursed and vile disarray form the second full-length offering of TRIUMVIR FOUL: Entitled *Spiritual Bloodshed*, it is set for international release via INVICTUS PRODUCTIONS, with the vinyl version being co-released by INVICTUS and VRASUBATLAT. A proclamation of wretch and continuation of hellish lust from their critically acclaimed debut album, TRIUMVIR FOUL's *Spiritual Bloodshed* delves into the perverse evolution of unhinged hedonism and carnal irreverence through the exploration of carnage in the spectral realm. Expanding beyond the themes of occultism and mythological allegories of the self-titled first album, *Spiritual Bloodshed* takes on a much more direct approach, clenching at the throat of one's putrid desires. Additionally, TRIUMVIR FOUL's return to their original two-man lineup has allowed them to create a more focused and raw sound, fusing the atmospheres of both their eponymous album and debut *An Oath of Blood and Fire* demo. *Spiritual Bloodshed* is the embodiment of the Vrasubatlatian rites – relish in the spectres of shame and disgust.

*Flies and filth... alone you are reborn to see
I alone... to be sworn to disease
Cries in vile hands and revolted in hate
Lie upon and contort on your knees
Die, alone and transpire in the haze
Eyes consume every morsel of flesh
Crying alone... you are born to see
I alone... to be sworn to disease*
