Opis produktu

TRONOS is a true collision between two unstoppably creative heroes of the metal underground: Shane Embury (Napalm Death, Brujeria) on guitar/vocals and producer Russ Russell (At The Gates, Dimmu Borgir, Napalm Death) on guitar, synths and vocals team up with drummer Dirk Verbeuren for a load of dark fractured colossal doom ambience metal. "Celestial Mechanics" also features a string of illustrious guests: Denis 'Snake' Belanger (Voivod / vocals), Erica Nockalls (The Wonder Stuff / vocals & violin) as well as no fewer than three legendary bass players, Billy Gould (Faith No More), Troy Sanders and Dan Lilker (Nuclear Assault, S.O.D.). Also featuring the Black Sabbath cover version "Johnny Blade", this rocketing debut album was mixed by Jaime Gomez Arellano (Ghost, Solstafir, Paradise Lost, Ulver) as well as Russ Russell.
