Opis produktu

Since its inception in 1993, TSJUDER has always been delivering Norwegian Black Metal in the classic raw and rattling style, yet without ever giving in to the temptation of wallowing in nostalgia. As can be heard on the present reissue of their long sold-out and much sought after second album originally released in 2002, not a single note in their music has to be dyed black. That’s simply because the roots that are clearly showing are all glistening with the abyssal musical non-colour pioneered by BATHORY, CELTIC FROST, and VENOM as well as those Northern masters MAYHEM, DARKTHRONE, and EMPEROR. The venomous and vicious throat rendering by bassist Nag and guitarist Draugluin entwines with thorny, relentlessly driving riffs and an infernal rhythmical ice storm unleashed by drummer Jontho. Available again on special price CD, this milestone of True Norwegian Black Metal are described by the band as "raw and uncompromising black metal". No post, no progressive, no whatever!
