Sevan Mater proudly presents:

Tsjuder – Norwegian Apocalypse (Oslo vs Sandnes)

A triumphant resurrection of black metal fury, fir the first time on vinyl, pressed in gold and blood. Just when you thought you'd heard the final word on Norwegian black metal's golden age, **Sevan Mater** erupts from the underground with a breathtaking reissue of **TSJUDER**'s *Norwegian Apocalypse* – now unleashed in a deluxe triple gatefold 2LP edition, pressed on stunning 500 Gold and 500 Red vinyl.

Originally released as a live DVD in 2006, Norwegian Apocalypse captures **TSJUDER** at their most primal and ferocious. Recorded in Oslo and Sandnes in 2005, this live document is a raw testament to the unrelenting, chainsawing riffage and relentless blastbeats that made **TSJUDER** legends.

From the first crackle of the needle, the remastering breathes new fire into tracks like "**Sodomizing the Lamb**" and "**Helvete**." The guitars slice sharper, the drums hit harder, and **Nag**'s vocals tear through the speakers like a storm of razors. The live energy is palpable, preserved in glorious analog fidelity that towers over previous editions.

But let's talk presentation – because **Sevan Mater** has outdone themselves. The triple gatefold cover is a work of dark art: blood-red visuals drenched in shadow, with exclusive liner notes and rare live photos from the original shows. This is not a reprint for casual listeners. It's a statement piece, a collector's treasure, and a monument to the uncompromising spirit of true

black metal.

Whether you’re a longtime disciple of **TSJUDER** or just stepping into the abyss, this reissue of Norwegian Apocalypse is absolutely essential. It’s not just an album. It’s a summoning.
