Opis produktu

POZYCJA POWINNA BYĆ DOSTĘPNA NA POČZĄTKU GRUDNIA !!!

Release is December 4th 2026, comes in a quality gatefold sleeve on double LP's, 140 gram black vinyl, limited to 250 copies.

Týr's epic Viking Metal classic "Ragnarok" for first time on vinyl! Hail to the hammer!

Týr's third album "Ragnarok" is another strong offering of progressive metal that expands on the sound of "Eric the Red". The songs are more ambitious and progressive, but the band never loses the catchy melodies and heavy riffs that made their earlier material so enjoyable.

Their Faroese influences and Viking themes are still present, but they feel natural rather than gimmicky.

The guitars are easily the highlight of the album, shifting between melodic passages, crushing riffs and more technical Progressive Metal sections.

Tracks like "The Hammer of Thor" and "Ragnarok" show just how well Týr can combine heaviness with beautiful melodies. The drums also sound powerful throughout, giving the heavier songs plenty of impact. Heri's vocals are excellent as always, with his huge voice giving every chorus a strong presence. The backing vocals add even more to the epic feeling, making some of the songs sound like they were made for a massive crowd.

"Ragnarok" was a great step forward for Týr, combining Progressive Metal, Folk Metal and traditional Faroese influences into a sound that feels distinctly their own. It may take a few listens to fully appreciate, but it is well worth the effort.

- First time on vinyl as a deluxe double LP in gatefold with insert
- Týr is for the moment an active band that releases new music and plays live
- Originally released in 2006 on Napalm Records
- Recorded by Jacob Hansen at Hansen Studio (a.o. Invocator, Volbeat, Amorphis, Evergrey)
- Týr still has 300.000 followers on Facebook and 135.000 monthly listeners on Spotify

For fans of: Vintersorg, Turisas, Borknagar, Bathory
