TYRANN Tyrann Forever LP BLACK [VINYL 12"]

Cena	122,90 zł
Dostępność	Dostępny
Czas wysyłki	5 dni
Producent	Electric Assault Records

Opis produktu

Since their formation in 2018, Sweden's Tyrann have quickly become a gold standard for rustic, turn-of-the-'80s hard-rockin' heavy metal or perhaps that should be "heavy metalling hard rock"? Either way, the quartet have handily transcended their esteemed pedigree-members do or have done time in the likes of Enforcer and Tribulation-across two full-lengths, 2021's "Djävulens Musik" and 2023's "Besatt," both showing acute focus and finesse but all done with a seemingly effortless air and a touch of evil. Tyrann with arguably their best record yet, "Tyrann Forever." Aptly titled, "Tyrann Forever" sees the Swedes running through their whole arsenal - thunder & lightning heavy metal, straight-between-the-eyes hard rock, moody & magickal AOR, and the galloping early Maiden-gone-punk of their earliest days, with an aplomb that's patient and breathless simultaneously. The songwriting's as taut as it comes, with eight songs spanning a half-hour, but Tyrann pack each to the gills with hooks that are stripped-down yet sublime. That they can somehow take garage ethics to stadium dynamics circa 1981 is some strange alchemy, to be sure, but it only serves to make their already-intimate personality that much more ingratiating. Tyrann Forever? Indeed! Vinyl LP.
