Opis produktu

Old school death metal reigns supreme; if the blood-spattered glory of Carcass is your (body) bag, if the headbang-inducing brutality of Cannibal Corpse is too much for you to resist, then UNDEATH have served up a feast for you. Lesions Of A Different Kind is the sound of three lifetimes of subterranean sickness and death metal worship coalescing in a severe brain-bludgeoning that clocks in at just a little over half an hour.
