Opis produktu

CD in Digipak with 8-page booklet.

Emerging Pagan black metal project UNFELLED is rising from the underground to release their debut full-length, ‘Pall of Endless Perdition’.
Designed by the same mastermind behind Woods of Desolation, the project serves as a vicious and violent counterpart to its elegant and melodic predecessor, showcasing muti-instrumentalist D.’s impressive musical duality.
Musically weaving together fury and triumph with aggression and melody, the lyrics predominately center on bloodshed, war and death – the threefold cloak beneath which lies eternal darkness.

For fans of Drudkh, Woods of Desolation, Fuath, Gaerea, Misþyrming.
Artwork by Yag Mort.
