### Opis produktu

CD in Digipak with 8-page booklet.

Emerging Pagan black metal project UNFELLED is rising from the underground to release their debut full-length, 'Pall of Endless Perdition'.

Designed by the same mastermind behind Woods of Desolation, the project serves as a vicious and violent counterpart to its elegant and melodic predecessor, showcasing multi-instrumentalist D.'s impressive musical duality.

Musically weaving together fury and triumph with aggression and melody, the lyrics predominately center on bloodshed, war and death - the threefold cloak beneath which lies eternal darkness.

For fans of Drudkh, Woods of Desolation, Fuath, Gaerea, Mispyrming.  
Artwork by Yag Mort.
