Opis produktu

Packaging:	4-panel Digipak in a deluxe matte finish, with a 12-page booklet and album download.

Swiss black metal band Ungfell returns this autumn with their fourth album, De Ghörnt. The album explores dark Swiss myths, focusing on a folk tale about a hunter's tragic encounter with the goat-like entity Rollibock. Recorded over four years and meticulously crafted, it showcases Menetekel's talents on guitars, bass, synths, and vocals, alongside drummer Vâlant's percussive and vocal contributions. Musically, De Ghörnt blends intense black metal with atmospheric and folk elements, while its evocative artwork enhances the eerie storytelling. Ungfell continues to carve their unique niche in the black metal scene.
