Opis produktu

An otherwise-new entity, Valravn nevertheless evince a mastery beyond their short time as a band with their first public recording, the full-length Prey. Arriving very fully formed, Valravn's debut album no doubt displays characteristics of Finland's now-world-renown black metal sound - cryogenic melody, raw 'n' rugged execution, an unapologetic assertion of traditionalism - but in other, more telling aspects, Prey asserts its own identity counter to this prevailing paradigm.
