### Opis produktu

Digipack printed on 300 gsm uncoated paper. Comes with 6 page booklet

The early nineties Norwegian black metal demo "Those who caress the pale" (originally released 1994 on cassette format) has had a cult status for many years. After a few re-issues in the distant past now is the time to honor this pioneering material by making it available again on cd and vinyl including bonus tracks and liner notes by all 3 members!
