Opis produktu

White/black swirl vinyl w/ double sided insert. Sleeve printed on 300 gsm reverse side carton. Double sided insert printed on 140gsm offset paper.

The early nineties Norwegian black metal demo “Those who caress the pale” (originally released 1994 on cassette format) has had a cult status for many years. After a few re-issues in the distant past now is the time to honor this pioneering material by making it available again on cd and vinyl including bonus tracks and liner notes by all 3 members!
