Opis produktu

New album or reissue, it's not a complete release if you don't press a limited run of cassettes. It hardly gets more Swedish 90's than Vinterland's one and only full-length album, "Welcome My Last Chapter". More than 25 years after its original release date we finally get a (by Dan Swanö at Unisound Studios) remastered reissue of this cult classic. On CD, MC and vinyl, for everyone to discover and rediscover. Comes with a gnarly patch (10x4cm).

It hardly gets more Swedish 90's than **Vinterland's** one and only full-length album, **"Welcome My Last Chapter"**. Along bands like **Dissection**, **Sacramentum**, **Unanimated** and others, **Vinterland** laid the foundation for the melodic black metal sound that came to inspire and influence both contemporary and subsequent bands. Even to this day, this timeless masterpiece finds its home with new generations of metal fans, who are enchanted by the icy atmosphere that the album conveys.

More than 25 years after its original release date, the circle has been closed. **Unisound Studios** with **Dan Swanö** (**Edge Of Sanity**, **Bloodbath**, **Nightingale** etc.), the same man and studio that recorded the album, is now behind this remastered reissue.
On CD, Vinyl and MC, for everyone to discover and rediscover!
