Opis produktu

Duplicate Records presents the latest offering from VOID EATER, the solo project of RKV (Obliteration). An abyss of audial torment, this is about as far away from conventional death metal as you can get. Completely breaking the ties from the I and II EP releases of last year, and going off the deep end, there is little on III-IIII that resembles logical song structures. The void has devoured itself, creating a wormhole into a realm where sound is not sound - a nightmarish dimension of Lovecraftian proportions.

Ltd. 150 copies on black vinyl / 150 copies on coloured vinyl LP, all copies come with insert.
