Opis produktu

One of the highest luminaries of the Bosnian scene, Void Prayer returns with “Relics of the Storm”. Continuing in the footsteps of the recently released second full-length, the quartet keeps the momentum and spews yet another superb dose of visceral Black Metal. Utterly oppressive, crafted from the self’s nethermost regions, “Relics of the Storm” is a long piece of evocative and mystical sonic disquiet, treading paths which rise in intensity from virulent outbreaks of pure hatred to sinister mantras of genuine ritualistic fervor. From this abyss, there is no way back.

Single sided MLP with fold out cover with double side print.
