## Opis produktu

Celebrating 40 eventful years of existence, Canada's progressive sci-fi metal innovators VOIVOD present their special Anniversary release “Morgöth Tales”, which includes fresh studio (re-)recordings by the band’s current line-up of 9 especially selected, not-so-obvious picks from the band’s hyper-classy and extremely diverse back catalogue (between 1984 and 2003) as well as a brand-new song in the album’s title-track, “Morgöth Tales”. “Morgöth Tales” als features special guest appearances by former VOIVOD members Eric “E-Force” Forrest (E-Force, vocals on “Rise”) and Jason “Jasonic” Newsted (ex-Metallica / Flotsam And Jetsam, bass on “Rebel Robot”). “Morgöth Tales” succeeds VOIVOD’s 15th (!) much acclaimed and Juno Awards nominated studio album “Synchro Anarchy” (2022), which reached # 7 in the official album sales charts in Germany. The release is available as Ltd. CD Jewelcase in O-Card with bonus track (A cover version of “Home” by Public Image Ltd) and as 180g vinyl LP with 4page LP-Booklet. And don’t miss VOIVOD on tour to celebrate 40 years of “Morgöth Tales”...
