Opis produktu

VORUM springs from the poisoned waters around the scattered shores surrounded by the baltic sea. Chained to the depths since its foundation in 2006, the treacherous currents of the deep has drenched desolate banks with black disease.

As the unruly storms now escalate and its victims appear from the shroud of a threeyear mist, 2013 unfolds the POISONED VOID.

DRINK THE VENOM OF THE HUNGRY SEA.

Remastered specially for the vinyl edition by Patrick from the WSL studios (France) for the very best result!
