From the depths of outer space, a new creature reached planet Earth: Vrazorth is a new one-man band shrouded in mystery, albeit rumors say they originated somewhere in Sweden.

Vrazorth, a cryptic force lurking in Sweden's black metal underworld, conjures chilling atmospheres that spiral through the infinite void. The solo project of Vra, shrouded in anonymity, blends icy riffs with cosmic dissonance, like the cold embrace of a forgotten star collapsing into darkness. Unholy whispers entwine with celestial screams, creating soundscapes that evoke a realm beyond time.

To craft its debut studio album, Vrazorth drew inspiration from the best: the alien atmosphere of Darkspace, the hallucinated violence of Mysticum, the unpredictable and hybrid nature of Mesarthim. Everything perfectly mixed together to create music that sings of the cosmos, its void and the hidden mysteries that lie among the stars.
