Producent	<b>Purity Through Fire</b>

### Opis produktu

PURITY THROUGH FIRE is proud to present VSPLOKH's long-awaited second album, *Помре*, on CD and A5 digipack formats.

Formed back in 2004, what VSPLOKH lack in quantity of recordings, they ably make up for in quality of vision. In the ever-vast field of Russian black metal, VSPLOKH stand strong, maintaining the triumphant-yet-tragic element so endemic to the best quarters of that scene whilst just as equally evincing a patiently plied style of songcraft that's consistent with their judiciously spare discography.

PURITY THROUGH FIRE released VSPLOKH's debut album, *Печаль о прошлом*, in 2010 and then two well-regarded splits in 2013 and 2014, respectively. Alas, silence ensued, but now arrives the timely return of VSPLOKH with *Помре*. Thankfully, no great changes have been made to their rigorous aesthetic - strident physicality but never overly exerted, a subtly hummable melodicism that never wanders near the saccharine, a view toward epic constructions without any bloat - but what sets this record apart from VSPLOKH's not-inconsiderable catalog is the variety of textures the quartet explore here. Naturally, the hues of *Помре* emanate from the darkness, but one can also find glimmers of nostalgia, bittersweetness, and even hope, ruined as it is, coursing through the album's deeply engaging 57 minutes. Altogether, it's the austere 'n' noble sound of paradigmatic Russian black metal, but given a tastefully unique twist.

It's worth noting the influence of Ural mythological heritage within the VSPLOKH world, which is manifested not only in the lyrics of some songs, but also in the band's visual design, reflecting local archetypes. Thus, VSPLOKH brand their music Ural Chthonic black metal, and this is clear because a number of characters in the Ural mythology have a chthonic nature. The title of *Помре* may allude to the statement of one Ural literary-heritage researcher: "In mainstream literature, the anti-hero dies - but in the Ural one, everyone dies."

High adventure and deep contemplation await those who set sail with VSPLOKH's *Помре*.

### FULL TRACKLISTING

1. Вонъживъши Мрътвыи Корении Въ Лѣсъную Твърдь...
