Opis produktu

Black shell cassette in regular Norelco box with j-card.
Limited to 370 copies worldwide.

In a scene of countless carbon copies and soulless attempts to evoke the majesty of the ancient Swedish Black/Death Metal legacy, WATAIN stand alone solemnly. They are watching from the shadows, in genuine victorious sincerity. These Satanic Swedes' heavily sought after second release "Casus Luciferi" is finally available again! Initially released in a very limited quantity exclusively to the underground, the originals have been capturing large amounts at internet auctions. Now remastered, with a bonus track and all new artwork, the copies of this evil album are sure to disappear into a cloud of smoke from store shelves.

Artwork by Timo Ketola.
For fans of DISSECTION, MAYHEM, MARDUK, VALKYRJA.
