WIATYK
"Mysticism / Tron wlen"
6-panel digipak

Tracks 1-4: Mysticism (Demo 1995)

Tracks 5-12: Tron Wlen (Demo 1996)
This second demo tape from Wiatyk, originally released in 1996, was simultaneously reissued with the band’s first effort. And while ‘Mysticism’, from 1995, showed a band in a blueprint sort of Polish Black Metal, ‘Trol Wlen’ sounds remarkably more advanced. Not only does it show the band having grown as musicians and song writers, it also strayed from the more standard paths of what could be said is typical Polish Black Metal.The band’s first steps with ‘Mysticism’ were mostly a demonstration of primordial and uncomplicated, raw Black Metal. Pretty much ticking every single box of classic Polish Black Metal: harsh, sharp, unpolished and non-sophisticated. In the review on ‘Mysticism’ I described it as mean and ugly. Well, ‘Tron Wlen’ definitely shows a different side of the band.
